

## Before The Fallen

### BAND STORY

" Before The Fallen was formed in late 2006 by band members from a now defunct band, Welcome To The Downside, and checking out the local scene to fill the empty spots. Having members come from various backgrounds and styles, the band quickly began to carve their own energetic sound. With a dynamic vocalist, a potent and powerful drummer and bass player creating a solid rhythm section and 2 low-tuned intense and forceful guitarists, you can not only hear their sound, you can truly feel it!"
