The Vibe with Broken Ohms

Well I got through my first LIVE interview

yesterday and I think its only going to get better. Three Members of Broken Ohm, a Halifax Based Rock Band, joined me on the set of Haligonias to talk about their new album 'Noctural Emissions'. Besides me running out of questions I would say it was a successful run and Thank you to Peter Hubley, Troy Wilson and Stephan MacDonald for coming on the show.

You can get more info on the guys by going to www.myspace.com/brokenohmsmusic and there website will be up soon at www.brokenohms.com. Their albums are available at CD Plus in Halifax and you will soon be able to purchase it, as well as t-shirts, online soon.

Next Week I am going to have members of Orchid's Curse and Diminished Fifth Records on the show. Don't miss out on the fun and the up coming news on the Halifax Music Scene.
