

Mike Aube

BAND STORY

"Raised on the banks of the Memramcook River, in Dorchester, NB, Mike Aubé' s music is shaped by the natural beauty of the Maritimes. Filled with rich imagery of Acadian mixed forest and muddy tidal estuaries, Aubé' s songs also explore human frailty with compassion and humour. And occasionally, the humour takes over completely, resulting in a local cult classic such as Dashboard Jesus. Inspired by the likes of Bob Dylan, Arlo Guthrie and Ron Sexsmith, Aubé delivers these subtly subversive and nature-loving folk songs with a rhythmic guitar orientation and whiskey-smooth vocals. His songs remind us to be reverent toward the earth, resist the fad lifestyles of the corporate conspiracy, and yet to be careful not to take ourselves too seriously. Organic and with a laid-back stage presence, this is feel-good music that nevertheless can make you think - like "medicine for your soul". "
