"Randy Thomas is an up beat music artist who's music style range from old to new in many genres. Songs from his recent album reached in top 10 or even reach #1 on many Internet radio stations on U.S., CANADA, and EUROPE. The year October 2000 Randy won song writer, and International artist award at The Best Of Texas Music Awards. In 2001 he returned to Texas, and he received Golden Note Award, Modern Country Artist, Modern Country Songwriter, and Canadian Artist at The Best Of Texas Music Awards. Now, just releasing his second CD self titled "Randy Thomas" in April 2003 produced by Keith Bradford, CEO of KMA Records and engineered by brother Mike Bradford, he is looking for more great things to come. After 16yrs of performing, Randy still tours in Southern Ontario Canada, and parts of the U.S. As a one man band/solo artist in venues, festivals, and private functions. Fresh songs, a new sound, with a distinctive voice, you can't go wrong with this singer/songwriter"
